Section VI: Complementary information

VI.1) Information about European Union funds
The contract is related to a project and/or programme financed by European Union funds: no

VI.2) Additional information:
Jisc Services Ltd has awarded contracts to 7 suppliers on this framework agreement. These are split over the 3 lots as shown in section V — Award of contract.
This is to support forming a pool of solutions that can be selected from, as per each individual organisation’s requirements.
The scope of the framework covers purchases by Jisc, JSL, Higher Education institutions, Further Education and Specialist Colleges and Research Council establishments in the UK, and by any other bodies whose core purpose is the support or advancement of further or higher education or of research.
Many of the above bodies are members of higher and further education purchasing consortia. These are independent organisations that provide a wide range of collaborative purchase agreements to their member institutions through consensus and the common desire to maximise their purchasing power in the market place. Any member of one of these consortia will be eligible to purchase from this service by virtue of its membership, as will members of any other similar purchasing consortium in higher or further education that might be formed during the lifetime of the Service.
Membership lists for existing higher and further education purchasing consortia may be found at:

The service is also available for use by any National Research and Education Network (NREN) and the community it serves where the NREN has either a direct connection to Janet or the NREN is a member at any time during the period of this framework of the consortium that operates GÉANT. GÉANT is the pan-European research and education network that interconnects Europe’s NRENs. A list of members of the GÉANT consortium (GÉANT Partners) may be found at the URL below. HEAnet, the NREN of the Republic of Ireland, is connected both to Janet and is a member of the GÉANT consortium.
