Jisc learning content expert group
Summary of the meeting on 22/06/22

The group received an update on the first phase of consultancy work around learning content and had an opportunity to discuss the findings.

The group reviewed their roadmap towards open educational resources to consider progress made and priorities. Relevant updates were provided by Jisc.

This group will be closing and a new group the learning content expert group will take its place. This group considered the draft terms of reference for the new group with a focus on membership. The groups suggestions were subsequently incorporated into the draft terms of reference.

APUC provided a procurement update.

The group considered a publishers proposal providing specific feedback to Jisc.

Jisc thanked the chair and all members for the contributions they had made to the group’s work.
